

GFWC DUBLIN/SAN RAMON WOMEN'S CLUB

ABOUT US

Welcome to one of the oldest and largest international women's volunteer organizations!

Our community is our primary concern; however, the California Federation (CFWC) is one of the largest in the General Federation, with more than 14,000 women and 300+ clubs. CFWC was organized in 1900.

The Mount Diablo District, to which our club belongs, was organized in 1956 and has 1000 members and 20 clubs.

Participating in the many projects and programs which benefit our tri-valley community will give you great personal satisfaction. In addition, you will make many new friends who will introduce you to the various interest and social groups which you may wish to join.
